

WINSTON POSITIVELY DENIES ACCUSATIONS

Republican Nominee for Congress Makes Specific Statement in Reply to Protest.

ASSERTS CITIZENSHIP
Secretary of State, Will, It Is Understood, Disallow Protest Made.

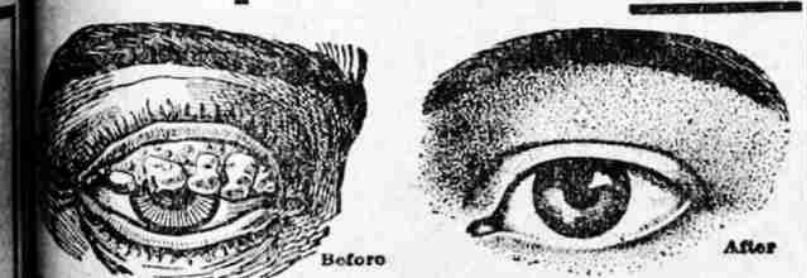

Judge Jacob Johnson, Republican nominee for congress, arrived in Salt Lake yesterday from Spring City to meet the charges made against him by Harry S. Joseph and Joseph S. Jensen, contained in a protest to the secretary of state last night was that the secretary of state would find that the protest against the nomination could be allowed and that Judge Johnson's name as a nominee for congress should be placed on the official ballot. It is understood that today the secretary of state will make public a decision in the matter. Judge Johnson, in a statement issued yesterday, denies in detail the charges contained in the protest. The principal charge against Judge Johnson's citizenship is that he is not a citizen of the United States. Judge Johnson, in reply to that charge, last night issued the original certificate of naturalization obtained in California.

When Baby Has Croup

Every Mother Should Know About Booth's HYOMEI.

In any home where a child has a tendency to croup, a bottle of HYOMEI should be constantly on hand. A sudden attack of croup with difficulty breathing and extreme distress is a common ailment at any time. The course to be pursued is plain. For your child, cover the child's head with a towel or blanket so that the air filled with HYOMEI vapor is breathed. This method of treatment has saved many a child's life, and mothers of croupy children should see to it that their HYOMEI is always on hand. Instructions for prompt relief of croup are in each package. Booth's HYOMEI is made of Australian Eucalyptus and other antiseptics. It is returned if it does not give satisfaction in treatment of croup, colds, croup and catarrhal deafness. Ask Schramm-Johnson, 5 stores, for it. (Advertisement.)

USE NEWBRO'S HERPICIDE IN TIME AND YOU WILL NEVER NEED FALSE HAIR

Wearing false hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism. Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair, hoping by so doing to hide the results of their earlier neglect. These unfortunate ladies are deceiving no one but themselves, as no artificial hair, no matter how costly, ever has the snap and bustle that can be made to look as pretty and attractive as natural hair.

Most ladies would resent any imputation of carelessness and neglect. And very many permit their natural hair to become so dull, brittle, that it looks no better than that bought at the store.

All this is so unfortunate as it is unnecessary. Hair that is slightly or thin may usually be attributed to the working of the dandruff germ. This destructive germ burrows down into the hair follicles and shortly robs the hair of life, with the result that it finally loosens and drops out.

There is a preparation, sold and guaranteed by all dealers, the intelligent use of which will kill the dandruff germ. It cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herpicide, the Original Dandruff Germ Destroyer. In no way can one add more to her personal charm and attractiveness than by the use of this remarkable and well known scalp prophylactic.

On account of its astonishing merit and its delightful and exquisite odor, Herpicide finds users everywhere and among all classes. It may be purchased in 50 cent and \$1.00 sizes at all toilet goods counters. You will find upon inquiry that Herpicide has the confidence of your dealer to such a degree that he will not hesitate to guarantee it to do just what is claimed or refund your money. Applications may be obtained at the better barber shops and at the hair dressing parlors.

Upon receipt of 10 cents in postage or silver to cover cost of packing and mailing, the Herpicide Co., Dept. S, Detroit, Mich., will send to any address a nice sample bottle of Herpicide and an interesting booklet on the care of the hair.

four allegations against his eligibility to place on the official ballot: first, that he is not a citizen of the United States; second, that his name is not Jacob Johnson, but Jacob Jensen; third, that he has not complied with the national law governing a statement of campaign expenditures; and fourth, that his nomination was obtained by irregular and improper methods. In reply to these charges, Judge Johnson makes the following statement:

The charges contained in the protest filed with the secretary of state are clearly untenable as objections to the certificate of nomination. Nevertheless, I should like to deny them specifically: First, it is not true that I am not a citizen of the United States. I was naturalized in the district court of the Sixth judicial district of the state of California, in and for San Joaquin county, on November 1885. A certified copy of this naturalization certificate has been on file in the district office of Salt Lake City for many months and has been and now is subject to the inspection of any person interested.

Second, I have never been known by the name of Jacob Jensen or any name other than that of Jacob Johnson. My father's name was Christian Johnson, so my mother informed me. He died in Denmark when I was 2 years of age. My mother's maiden name was Mary Jensen. I do not claim citizenship through either of my parents, but solely by virtue of my naturalization, as above stated.

Third—The acts of congress referred to in the third charge require that every candidate for nomination as representative to congress shall file with the clerk of the house of representatives an itemized and verified statement of his expenses and contributions, not less than ten or more than fifteen days prior to the nominating convention. It is provided that a deposit of a letter containing such itemized and verified statement, postage prepaid and registered, and directed to the clerk of the house of representatives at Washington, D. C., shall be deemed filing of such statement. On the 24th of August, 1912, at Spring City, I deposited in the United States post office, postage prepaid and registered, a letter addressed to the clerk of the house of representatives at Washington, D. C., containing an itemized and verified statement of all my expenses and contributions up to that date and I here exhibit the postmaster's receipt for said registered letter.

Fourth—The fourth charge alleges that my nomination was secured by improper and irregular methods and by improper influences. As is well

known, my nomination was secured in an open field according to usual and approved political practices and was made unanimous on motion of T. L. Tolman, political manager of Harry S. Joseph. The claim that there was any impropriety or irregularity in the procedure of that convention is groundless. In 1870 I was elected constable of White Rock township, Elko county, state of Nevada, and served for two years. In 1872 I was elected judge of Utah. I was elected for two consecutive terms to the office of county attorney for said county. I was elected a member of the territorial legislature of Utah for one term from Sanpete county. I was elected for two consecutive terms as judge of the Seventh judicial district of the state of Utah. I was appointed by Grover Cleveland as probate judge of Sanpete county, also by Benjamin Harrison to the same office. I served as United States commissioner under appointment of the supreme court of Utah for ten or twelve years. I have also held other appointive offices during my residence of forty years in Spring City. It is strange that my citizenship should now be brought in question for the first time.

Democrats Active.
The Democratic state committee held a well attended meeting at state headquarters last night and plans were laid for a vigorous speaking campaign in every section of the state. Orators will be sent out this week from state headquarters to visit every county in the state.

Republicans Figuring.
The Republican county committee met last evening and outlined plans for the campaign in Salt Lake county. Much of the meeting was devoted to a review of the business side of the campaign.

Registry Place Changed.
Voters in district 10 are heretofore instructed to register at the residence, 250 Obadiah avenue, instead of at the store at 340 East Fifth South street. The next registration days are October 8 and 9, Tuesday and Wednesday.

Certificates Filed.
The following certificates of nomination were yesterday filed with the secretary of state: Progressive party, First senatorial district, naming W. H. Smith of Erda, Tooele county. Progressive party, Fifth senatorial district, naming William H. Smart of Roosevelt. Progressive party, Fourth judicial district, naming A. Saxey of Spanish Fork for district judge and Arthur V. Watkins of Vernal for district attorney. Progressive party, Fifth senatorial district, naming Henry Adams of Nephi. Progressive party, Second judicial district, naming John E. Bagley and A. W. Asen.

Socialist party state ticket and Socialist party Fifth senatorial district, the latter naming Anton Olson of Heber City.

fense to another state, thus interpose in favor of its nationals, resident in the other state, and there is not a little animosity for the proposition that such interposition by the one state, as against the other, is a matter of right and indeed duty.

In the list of authorities referred to, are cases where the United States has alone and with others, handed forces in times of revolutions in foreign countries to protect American interests.

The citations begin with China in 1854, and continue down to the American intervention in Honduras last year. One case of particular strength, where American blood was shed, as in Nicaragua, occurred in 1909, when American marines and bluejackets fought side by side with the British naval forces against the Samoan rebels under Chief Matanafa, with a loss of four Americans and three British lives. The state department declared it finds ample precedent for Admiral Southern's action in Nicaragua yesterday.

ASK AMENDMENT OF THE PRIMARY LAW

SAN FRANCISCO, Oct. 5.—The Taft Republican state central committee, which met last night, reassembled tonight and adopted a resolution demanding that Acting Governor Wallace summon the legislature in extraordinary session to amend the state primary law so as to permit the placing of Taft electors on the November ballot.

DAMAGES AWARDED IN SALTON SEA CASE

SAN DIEGO, Cal., Oct. 5.—Bringing to an end suits for damages amounting to \$400,000 as a result of the overflow of the Colorado river into Imperial valley and the Salton sea in 1907, the superior court awarded \$73,200 damages today to the plaintiffs, twenty-seventy-five persons and seventy-three persons and originally, the action having been brought in 1907. The cases were completed before the court about a year ago and the long delay in rendering decision was explained by the judges, who said the case was so complex that it required much study to arrive at a just verdict.

Army Orders.
WASHINGTON, Oct. 5.—Leave of absence for two months is granted. First Lieutenant Llewellyn P. Williamson, medical corps.
